Dear Peter

Thank you for sight of the Neighbourhood Plan, especially INF3. My only comment would be a suggestion that the policy read development will only be permitted where there are adequate places .... or where the proposed development includes plans to create adequate places.

I hope this is helpful.

Kind regards

Hi June,

Many thanks for getting in touch. Attached is the PDF of the pre-submission consultation version of the Neighbourhood Plan sent out in December. Policy INF 3 relating to schools is the one we are most interested in hearing your views on but please do feel free to comment on the entire document.

Kind Regards,

Peter
